## Records Request

---

Welcome to the Alabama Law Enforcement Agency's Public Request Portal. Please complete the form below to submit a public records request.

READ THESE INSTRUCTIONS CAREFULLY BEFORE PROCEEDING WITH YOUR REQUEST. Please note that some commonly requested records involving personally identifiable information cannot be produced through a standard public records request:

- If you are requesting a criminal history/background check record, [click here](#).
- If you are requesting a crash/accident report, [click here](#).

### Introduction :

Alabama law makes public records available for personal inspection and/or copying by Alabama citizens, subject to certain exceptions specified by law. (See Code of Alabama 1975, §§ 36-12-40 to 41). Exceptions to the availability of public records generally declare that certain information is privileged or confidential and shall not be disclosed. It is the policy of the Executive Branch of the State of Alabama to promptly provide citizens with public records upon request, subject to their payment of reasonable fees, to applicable laws protecting sensitive information, and to the interest of the general public in having the business of government carried on efficiently and without undue interference.

### What To Expect:

State law authorizes ALEA to charge reasonable fees for processing public records requests. A non-refundable, minimum processing fee of \$20.00 shall be due with submission of this form. Additional fees may be required to process Time-Intensive Requests, as described below.

All properly submitted public records requests will receive a confirmation email acknowledging the receipt of the request.

After receipt, public records requests will be categorized as either Standard or Time-Intensive, in accordance with Executive Order 734, and will be processed accordingly:

- **Standard Requests:** Unless extended, a completed response fulfilling or denying a Standard Request will be made within 15 business days of acknowledging receipt of the request.
- **Time-Intensive Requests:** Within 15 business days of acknowledging receipt of the request, the agency shall notify the requesting party (1) that the request qualifies as a Time-Intensive Request, (2) the reason(s) why, and (3) the estimated actual cost to fulfill the Time-Intensive Request. The requesting party may withdraw the Time-Intensive Request or elect to proceed. If the requesting party elects to proceed with a Time-Intensive Request, the party must notify the agency in writing.

Unless extended, a completed response fulfilling or denying a Time-Intensive Request will be made within 45 business days after the requesting party elects to proceed with the Time-Intensive Request.

We strive to respond as promptly as practicable to all public records requests we receive, consistent with the demands of our agency's functions as determined by state law. The nature of your request will dictate how promptly we respond. If your request clearly identifies a specific, discrete document you are looking for, we will be able to respond more quickly than if it requires substantial staff time to process. A request will require substantial staff time to process if it involves difficulty in identifying and retrieving documents or taking measures to redact or otherwise withhold legally protected information.
